

# Club Travel Agreement

## Tynecastle F C on Tour

### Member / Parent(s) Agreement

Whilst we expect no problems whilst in \_\_\_\_\_, it is important that members who are touring with Tynecastle F C, understand the certain standards of behaviour that are expected.

Issues such as the drinking of alcohol, theft, malicious damage to property, serious issues of violence and other such unacceptable behaviour are considered to be serious breaches of club discipline.

Should any member be found breaching behaviour expected then the Club have the following options available to them:

1. Being sent home at his/her expense or in the case of minors the parent(s) having to travel at their own expense to pick up their child.
2. Passed back to the supervision of parent(s) for the remainder of the tour if the parent(s) are following the team.

If any member's behaviour involves the police or other authorities, then parent(s) will be required to deal personally with the matter. This may well necessitate parent(s) being present in \_\_\_\_\_, either as part of the Team Parent Supporters Group or being requested to travel to be present.

Under such circumstances, the Club has the right to withdraw his/her Club membership and/or have their registration with National Associations immediately terminated.

Should any parent(s) decide to remove their child from the group at any time for whatever reason, the parent(s) is fully liable for any subsequent expense incurred.

I have read the above statement and agree to its content.
